TURN OVER A GREEN LEAF FOR 2014

AND MAKE YOUR EQUIPMENT SPARKLE WITH

SHINE ON  
PRODUCTS FROM  
CHEM-TECH  
INDUSTRIES  
AVAILABLE AT

## FACTORY DIRECT PRICING!

Our biodegradable **SHINE ON** products are easily the smartest choice for the planet *and* for your business. Our classic **CTI 503HD** all-in-one aluminum cleaner and polisher contains no hydro-fluoric acid, keeping a mirror shine while actually *protecting* aluminum from corroding or pitting (maintaining that “new trailer look” for year after year). Our **CTI 710HD** is a *true brushless* soap, ideal for removing bugs, road dust, lime film, oxides, oil and grease from common surfaces. Plus, our **CLEAN-ALL 710** is now available, safely formulated for external home use. These products aren’t just environmentally friendly ... they’re also friendly to your bottom line!

*(Tank Services, Inc. is an Authorized Distributor of Chem Tech Industries Products)*
